

The Kingston Memory Configurator

Find the memory you need, as easy as 1, 2, 3!

Configure your system using one of these two search methods:

To Search by Manufacturer/Model Name:

1. Select the Manufacturer Name from the scroll menu.
2. Select the System Type from the scroll menu.
3. Type in Model Name in the text field and click FIND.

OR

To Search by Part Number:

1. Click Part Number hypertext link on left-hand tool bar.
2. Enter Kingston, distributor or manufacturer part number.
3. Click FIND.

A list of the Kingston part numbers for your system.
